## State of Indiana, Office of Auditor of State.

I, the undersigned, Auditor of State of the State of Indiana, hereby certify that the above is a correct copy of the statement of the condition of the above-mentioned company, on the 31st day of December, 1903, as shown by the original statement, and the said original statement is now on file in this office.

In testimony whereof, I hereto subscribe my name and affix my official seal this 23rd day of January, 1904.

**D. E. SHERRICK, Auditor of State.**

## CARTOONISTS OF CITY TO GIVE AN EXHIBIT

One Thousand Pictures Will be on Display, Including Many Water Color Paintings.

One of the most interesting art exhibits that has ever been held in Indianapolis will be opened here this morning in the Claypool Hotel at 1029. There will be 1,000 pictures on exhibition and will be the exclusive work of the cartoonists of the Indianapolis newspapers and the display will consist of cartoons that have been used in the local newspapers and other works of art by the cartoonists.

The pictures take up over 2,000 feet of space and have been so arranged as to give the best effect at the first glance. The exhibition is made up completely of original drawings and paintings and many of the subjects for character sketches are local men and women. The display includes many pastel drawings and some water-colored work. The exhibition, which is under the auspices of the Indianapolis Newspaper Artists' Society, will open every morning at 10:30 and will be kept open until late at night. The exhibition will last until the latter part of the week. The artists whose work is represented are: Frank Howard, Jack Smith, George Brehm, Kim Hubbard, J. H. Hittman, Franklin Booth, J. B. Booth, J. B. Gruelle, Roland Scott, Edward R. Sittman, H. W. Ballard and M. D. Warner.

## Celebrate Fifth Anniversary.

Zion Lodge, No. 221, of the Independent Order of B'nai B'rith, celebrated its fifth anniversary and installed officers for the year last night at its lodgerooms in Morrison Hall. An interesting musical and literary programme was rendered. Lafer Smith, representative of the Grand Lodge, was present and made a short talk. The officers installed were: S. J. Simon, president; Leon Rucker, vice president; H. R. Rucker, secretary; Jacob Nereburg, treasurer, and Albert Greenspan, conductor.

## BAD CHECK PASSED BY WILLIAM O'DAY

He Is Arrested at the Request of the Denison Hotel Company.

## WILL BE TRIED TO-DAY

Detectives Hauser and Larsh last night arrested William O'Day, 2124 North Delaware street, and stated him at the police station on a charge of forgery. O'Day was arrested at the request of the Denison Hotel Company, where he cashed a worthless check, drawn on the Holder Manufacturing Company of Detroit, for \$50. After cashing the check the hotel authorities became suspicious and made an investigation which resulted in their finding that the check was bad. When O'Day was placed under arrest he had several bad checks on him which he evidently intended to pass before leaving Indianapolis. He admitted that he was a forger and said he will be tried to-morrow before Judge Whallon this morning.

## HUSBAND BEAT WIFE; HORSE WAS HUNGRY

Mrs. Lulu Allison, 2215 Columbia avenue, called at the police station Saturday night and reported that her husband had come home early in the evening, and, after beating her most brutally, left her without a cent. She said she was destitute and had nothing in the house to eat, and wanted her husband arrested. The police made an investigation and found the woman's story true. She had a horse in a stable in the rear of her home, but the grain bin was empty and there was no hay in the stable. The animal was suffering from hunger, and, as the woman was unable to care for it, the police turned it over to a neighbor, who said he was willing to look after the animal until Mrs. Allison wanted it back. Mrs. Allison's case was reported to the Charity Organization Society and her wants will be supplied.

## HORSE AND BUGGY FOUND IN RIVER

The high waters of the last few days played a trick on day before yesterday and by drowning a horse and submerging a buggy near Eagle creek near the Oakley roadhouse caused the arrest of Mr. and Mrs. Oscar Harris and Kittle Adams. The police found the horse and buggy in the river. The horse was a bay and the buggy was a four-wheeled one. The horse was found in the river and the buggy was found in the river. The horse was found in the river and the buggy was found in the river. The horse was found in the river and the buggy was found in the river.

## BELLBOY ARRESTED FOR ROBBERY ROOMS

Mayor Holtzman Was One of His Victims—Money Is Recovered.

Sidney Davis, a white bellboy at the Claypool Hotel was arrested last night by Detectives Holtz and Bray and locked up at the police station on a charge of robbing rooms at the hotel where he was employed. He stole \$150 from Mayor Holtzman's apartments and relieved one man of \$30 and another of \$10. Out of the \$200 he only spent 50 cents and the detectives recovered the balance last night. The thefts were committed day before yesterday and after stealing the money the boy hid it in the basement of the hotel. When he was first placed under arrest he denied his guilt, but at the police station after a few moments in the sweatbox he told where he had secreted the money and went with the detectives while they recovered it.

## ARTHUR WALTON SHOT HIMSELF IN THE ARM

Arthur Walton, living at the Morton Hotel, but recently from St. Louis, accidentally shot himself in the right forearm while handling an old revolver in the Postal Telegraph building Saturday night. The weapon was loaded and cocked, and in attempting to extract the loads he pulled the trigger. He was taken to the City Dispensary, where the bullet was extracted by Drs. Crockett and Carlyle.

## HANDSOME ARM CHAIR FOR OTTO HOFMANN

Friends of Otto Hofmann, of 47 Grant street, Republican councilman at large, gave him a surprise party last night, the occasion being his forty-fifth birthday. He was presented with a handsome arm chair. The guests had an enjoyable time, in which Mr. Hofmann heartily joined.

## Lively News About Men Who Carry Grip and Sample Case

The local lodge of the Union Commercial Travelers will entertain the Grand Council of the State next May. It is expected that 500 traveling men will be in the city at that time and extensive plans are being arranged for their entertainment. Five new members were initiated into the local lodge Saturday night and there are forty more applications on file. There are now over 300 members enrolled in the local lodge.

S. B. Fry, with George W. Stout, made his usual trip down the I. & V. last week. He says everything would be all right with him if he had not made the mistake of turning down the opportunity to join the T. P. A.

National Secretary Lewis T. La Beane, of the T. P. A., will go to Florida this week for an extended stay, in the hope of reclaiming his health.

Ben F. Thompson, of Evansville, has just completed his southern Indiana trip and reports a very successful week.

J. W. Muir and Charles Muir, of the Muir Millinery Company, have returned from New York, where they bought their spring stock.

Union Grimes, with the Friedman Shoe Company, of St. Louis, covered southern Indiana last week.

Plans for the erection of a new clubhouse for Post B are well under way. The members are taking hold of the project with great enthusiasm and it is assured that the scheme will go through.

"Charley" Knowles and Will Knowles, formerly with Fahney & McCrea, have gone with the Williamson & Heeper Company, hat manufacturers, of Cincinnati.

Fifteen applications for membership were filed with Post B last week. The membership is now about 300 strong and is steadily increasing.

The Nebraska division has adopted a novel way of increasing its membership. The division offers a round trip ticket to the T. P. A. convention to be held at Springfield.

## NORTHWESTERN BRIDGE IS OPEN TO TRAFFIC

Street Cars, However, Cannot Cross Until Certain Repairs Have Been Made.

## CONDITIONS IN GENERAL

After an examination by Street Commissioner Herpich yesterday morning the Northwestern-avenue bridge, across Fall creek was opened to general traffic, but street cars will not be allowed to go over it until the wooden truss work washed away by Thursday's ice jam can be replaced. With the subsiding of the water in Fall creek this can be done in a few days. The resumption of street car and interurban traffic over the other bridges will be a question of a longer time, with the exception of the Washington-street bridge, where the tracks are expected to be in readiness for use some time this afternoon.

The situation at this time is that the bridges at the Crawfordville road and at Michigan street are closed to all traffic, except pedestrians, while the River-avenue, Morris-street, and Northwestern-avenue bridges are open to vehicles and pedestrians but not to street cars. At the new Washington-street bridge a large gang of men was at work Saturday afternoon and all of yesterday laying tracks for a single line across the river. Ties are laid upon the steel beams of the bridge floor, to which every second or third tie is securely fastened with iron bolts. In addition, the ties are firmly fastened to each other, to prevent slipping. This work and the laying of the rails is expected to be completed this morning, and the street cars will be running over the bridge by afternoon. It will also be necessary to bridge the canal, just a short distance east of the river. But a single line will be run across the river now, making it necessary for cars to change from one track to another on each side of the bridge, and to wait their turn at crossing.

At 6 o'clock last evening the river registered nine feet above flood stage. The water mark, a fall of but six inches in twenty-four hours. At this slow rate of fall it is likely to be some time before repairs can be made to the river bridges now in disuse so it will be possible for street cars to cross them. Just how long this will be no one can predict, as it is entirely dependent upon weather conditions. The river is not rising in such rapid stages as it has been in the extremely cold weather. Thin ice is forming at the banks, and the stream is full of ice. The water is so full of ice that it is lodged against the piles under the temporary bridge at Washington street, and not in such masses as to threaten any harm to the structure. The current is very swift, making it improbable that the river will freeze. The water is so full of ice that it is lodged against the piles under the temporary bridge at Washington street, and not in such masses as to threaten any harm to the structure. The current is very swift, making it improbable that the river will freeze. The water is so full of ice that it is lodged against the piles under the temporary bridge at Washington street, and not in such masses as to threaten any harm to the structure. The current is very swift, making it improbable that the river will freeze.

## HUSBAND AND WIFE NOW IN THE BASTILE

Police Believe They Know Something About Several Recent Robberies.

William Campbell, alias Evans Ousley, alias William Brown, alias "Window Pane," was arrested yesterday by Detectives McGuff, Lancaster, Larsh and Hauser and was locked up at the police station as a fugitive from justice. "Window Pane," as he is generally known, is wanted, it is said, in Louisville for burglary. He is a well-known thief, and the police and detectives believe that he is responsible for a great amount of the stolen work which has been done in this city lately.

He will be held here until the Louisville authorities can come after him, and in the meantime the detectives will try to connect him with several burglaries which recently happened here. Campbell has been living here with his wife at 622 East Wabash street, and last night his wife was placed under arrest and locked up in the matron's department at the police station. It is thought that she may be able to throw some light on a few crimes which the police suspect her husband of being implicated in.

## LEIDERKRANZ GIVES ITS SECOND CONCERT

The Indianapolis Leiderkranz, under the direction of Karl Reigner, gave its second concert last night at the Germania hall. The concert was a very successful one, and consisted of some beautiful selections. The programme was divided in two parts, and the first part was given by the orchestra, which were vocal and violin solos. The concert was followed by a dance.

## SCALE COMMITTEE READY TO REPORT

After a final meeting of the scale committee of the United Mine Workers, held last evening, the information was given out that the committee is ready to report, but will not do so until Tuesday at the earliest. The report may be delayed until Wednesday or Thursday. When it is made it will, of course, be done in executive session of the convention. The members of the committee would give no advance information as to the nature of the report.

Society will curtail the business of the miners to-day, as the convention will hold only a morning session, in order to give the janitors' force of Tomlinson Hall time to make ready for the annual ball of the Indianapolis branch of the United Mine Workers. This is one of the social affairs of the year in local union labor circles, and will be the grand social event of the miners' convention. The grand march will be led by President John Mitchell.

Little business will be transacted in the morning session of the convention. The only business of any importance scheduled for the report of the committee on constitution.

W. F. Williams Arrives. W. F. Williams, ex-president of the Michigan district, who was detained from coming to the convention, added another to the well-known miners seen at the Occidental Hotel yesterday. He reached Indianapolis yesterday morning.

PROF ORA PEARSON DIES IN ST. LOUIS

Prof. Ora Pearson, a well-known musician, died in St. Louis yesterday. He left Indianapolis ten years ago. He had been a friend of Rev. Myron Reed and once sang in his church. He was about sixty years old and leaves a widow, formerly Miss Emma Grooms, of this city, and one son. The remains will be brought here to-morrow for burial. The deceased was a Scottish Rite Mason.

New Pianos, \$150 and up. Wulfschneider's.

**THOMAS L. LEWIS**  
Vice President of Mine Workers of America.

## THOMAS L. LEWIS FAVORS FIVE LARGE DISTRICTS

Agreements Between Operators and Miners Should All Terminate at Same Time.

## SCALE COMMITTEE MEETS

Thomas L. Lewis, vice president of the United Mine Workers, in speaking of the importance of having all the agreements between the operators and mine workers terminate on the same date, said:

"One of the important questions brought to the attention of the delegates of the national convention was the question of the city was that of having all agreements between the operators and mine workers terminate on the same date. At the present time the wage contracts in ten districts of the United Mine Workers terminate on the first day of April, and in four districts on the first day of May. In the United States-36 degrees below zero at 7 a. m. yesterday.

The local readings of the temperature showed an interesting see-saw process. Beginning at 6 a. m. yesterday the hourly readings of temperature were as follows:

3 a. m.	..... 6 above zero
4 a. m.	..... 7 above zero
5 a. m.	..... 8 above zero
6 a. m.	..... 9 above zero
7 a. m.	..... 10 above zero
8 a. m.	..... 12 above zero
9 a. m.	..... 15 above zero
10 a. m.	..... 16 above zero
11 a. m.	..... 15 above zero
12 m.	..... 14 above zero
1 p. m.	..... 13 above zero
2 p. m.	..... 12 above zero
3 p. m.	..... 11 above zero
4 p. m.	..... 10 above zero
5 p. m.	..... 9 above zero
6 p. m.	..... 8 above zero
7 p. m.	..... 6 above zero

CONDITIONS OF MINING.  
"The importance of the question mentioned above to terminate all agreements at the same time can best be realized by those who understand the conditions of mining in the different parts of the country. The real object of having those wage contracts terminate at the same time is for the purpose of establishing uniformity of wages and conditions of employment as near as the competitive relations of the different districts will allow.

"The purpose of having wage contracts terminate on the same date would bring about a movement to divide the country into several competitive districts, and in my opinion five such districts would meet the requirements that would bring about the very best results. One of those districts would include West Virginia and Michigan and probably Iowa, to be added to the present central competitive field. Another district might be formed to include Missouri, Kansas, Arkansas, Indian Territory and much other territory west of the Mississippi as one in competition with those districts. A third district might be formed to include the States of Kentucky, Tennessee and Alabama and Georgia. A fourth district might be formed to include Mississippi, Louisiana and Texas. A fifth district might be formed to include the States of Florida, Georgia, Alabama and Mississippi. The object of this division is to bring about a general conference of the representatives of all the operators and mine workers of this country.

"To establish competitive districts such as suggested above will require a great deal of work and probably several years of time, but I believe that it would eliminate many of the causes for strikes in the mining industry and would in time remove the possibility of any strike taking place.

"There are two such competitive districts now in existence—the Central competitive district, whose representatives meet in Indianapolis, and the other known as the Southwest competitive district, whose representatives met in Pittsburg, Kan., last year."

## COLORED MAN SHOT; QUESTION IS, HOW?

James Allen Tells the Police a Story, but They Are Inclined to Discredit It.

## CLAIMS IT WAS HOLD-UP

James Allen, a colored man living at 1428 North Missouri street, was shot in the left hip last night, he claims, by two white men who attempted to hold him up at the corner of Eighteenth street and Northwestern-avenue. His wounds were dressed by Drs. Crockett and Carlyle of the City Dispensary. The police made an investigation of the case and Allen's story was somewhat discredited by them. He said that he was walking along Northwestern-avenue when two white men approached him and ordered him to hold up his hands. He refused to do so, he said, and ran. As he turned to run one of his assailants drew a revolver and shot him in the left hip. When the shot was fired both white men ran down an alley and disappeared. Allen says he went on to his home and sent for the dispensary doctor to care for him. The police, however, do not believe that Allen was shot in the manner he claims. It is known that Allen has not been working for several months, and still he has been able to support his family. The police think he has been engaged in some dishonest work and last night received the bullet wound while trying to enter some house. They will hold him at the police station pending their investigation.

## COLD WAVE LAGGED BUT IS ON THE WAY

Local Forecaster Blythe Predicts that Zero Will Be Reached Some Time To-Day.

Zero weather, predicted by the weather man for yesterday morning, did not reach Indianapolis on schedule time, but appeared to be well on the way last evening. At 7 o'clock last evening zero weather was predicted before morning, with continued cold all day. The weather prevailed in Iowa and Nebraska, while the Northwest had extreme cold. Duluth recorded the lowest temperature of any point in the United States—36 degrees below zero at 7 a. m. yesterday.

The local readings of the temperature showed an interesting see-saw process. Beginning at 6 a. m. yesterday the hourly readings of temperature were as follows:

3 a. m.	..... 6 above zero
4 a. m.	..... 7 above zero
5 a. m.	..... 8 above zero
6 a. m.	..... 9 above zero
7 a. m.	..... 10 above zero
8 a. m.	..... 12 above zero
9 a. m.	..... 15 above zero
10 a. m.	..... 16 above zero
11 a. m.	..... 15 above zero
12 m.	..... 14 above zero
1 p. m.	..... 13 above zero
2 p. m.	..... 12 above zero
3 p. m.	..... 11 above zero
4 p. m.	..... 10 above zero
5 p. m.	..... 9 above zero
6 p. m.	..... 8 above zero
7 p. m.	..... 6 above zero

## GREEK COLONY DALLIES WITH NATIONAL GAME

Twenty Foreigners Caught While Playing Poker and Taken to Police Station.

A Greek poker game, which was being conducted over David's barrel house on East Washington street, last night was raided by Sergeant Klefer, Patrolmen Alberts and Hostetter and Bicyclemen Griffin and Hull, with the result that twenty Greeks were placed in durance vile, after being given a ride in the patrol wagon. The police caught them unawares and before they realized what had happened, Sergeant Klefer had pronounced upon the money amounting in all to about \$25. Gus Popperdages was arrested as being the keeper of the game and Abraham Davis, brother of the barrel house man, was slated for renting a room for gambling purposes. Judge Whallon will have a good chance to use an interpreter in court this morning.

## Robbed Mattie Higball.

Detectives Holtz and Gray Saturday night arrested George Smith, a negro, and stated him at the police station on a charge of grand larceny. He was charged with stealing two gold watches from Mattie Higball, 1244 Washington street, and a breast pin, two rings, some clothing and a breast pin from Morgan Thomas, of 9 North New Jersey street. The police station he admitted his guilt and said he had sold the clothes and pawned the watches and rings.

## Try Schuller's Wine House.

219 N. Meridian, for sweet and dry wines.

Gas coke, \$5 a ton. Conventville coke, \$5.50 a ton. Best quality. COBURN COAL CO.

## Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to take Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. I am most grateful."—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.—\$5.00 for 10 bottles if original of above letter printed on wrapper.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will hold your letter in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass.; her advice is free.
